Waterfowl seasons and limits

This administrative regulation establishes waterfowl seasons and bag limits within federal migratory bird hunting frameworks established in 50 CFR Parts 20 and 21 according to the U.S. Fish and Wildlife Service (USFWS).

Significant Changes

This amendment will add two additional weeks of Canada goose, white-fronted goose, brant, and light goose hunting in February. It adjusts the falconry season to start on Thanksgiving Day so that Canada geese are not exposed to more than 107 days of regular hunting.
