

### **Advancing to the Ky State NASP Tournament**

Individuals: The top 5 male and female archers in each division (Elementary, Middle School, and High School) at each regional tournament will advance to the State Tournament.

Teams: The first place team in each division (Elementary, Middle School, and High School) at each regional tournament will advance to the State Tournament.

In addition to the groups listed above, all other teams will be allowed to register for the state tournament based on the best team score they shoot at any state qualifying tournament (including regionals). These groups will be allowed to select flights for the State tournament based on the following schedule:

#### **State Qualifying tournament score (including regionals)**

It is VERY likely that the State Tournament will fill to capacity before we are able to accommodate all teams in the tiers listed above. This means that some teams who shoot a score listed above will NOT be able to participate at the State Tournament. Make sure you select flights as soon as you are able. If you miss your selection window and the tournament fills, you will not be able to participate.

To better your chances of qualifying, I encourage you to have your archers compete as much as possible. Also, try to participate in as many State qualifiers as possible. If no State qualifiers are listed in your area, strongly consider hosting one.

Good Luck. I hope to see you at the State Tournament in Louisville in March!!!!
