

## Elementary K-3 Salato Scavenger Hunt

Welcome to the Salato Wildlife Education Center. The habitats and animals you see are native to Kentucky. Native means that an animal or plant has always lived here and was not brought in from another place.

1. How much did the Kentucky state record largemouth bass weigh? \_\_\_\_\_
2. Can you find the live bee hive? What is another animal that likes to eat honey?  
\_\_\_\_\_
3. Which kind of turtle lives in the warm water aquarium? \_\_\_\_\_
4. List three things that bullfrogs have been known to eat: \_\_\_\_\_  
\_\_\_\_\_
5. What is the wild turkey's best defense against predators? \_\_\_\_\_
6. Name three venomous snakes in Kentucky. \_\_\_\_\_  
\_\_\_\_\_
7. How many frogs can you find in the Eastern Kentucky Forest diorama (next to the venomous snakes)? \_\_\_\_\_.
8. Name four kinds of fish that are raised in our fish hatcheries: \_\_\_\_\_  
\_\_\_\_\_
9. Name two animals that have been restored to Kentucky: \_\_\_\_\_  
\_\_\_\_\_

10. Describe some things (living and non-living) you saw in the Wildlife Viewing Area.

---

11. Are all toads frogs? \_\_\_\_\_ Are all frogs toads? \_\_\_\_\_

12. How many birds are on the ceiling? \_\_\_\_\_ What is the largest bird you see? \_\_\_\_\_
