SPONSORSHIP OPPORTUNITY

BACKGROUND

The Kentucky Department of Fish and Wildlife Resources ("KDFWR") monitors close to 900 species of snakes, bats, lizards, amphibians, mussels, songbirds, raptors and darters. Many of these creatures, most Kentuckians never see. It is the role of the KDFWR to protect, restore, and conserve these species and the places they live. Our ever-growing world creates a host of potential threats to the wildlife in Kentucky: invasive species, growing cities, competition for land, and demands for a limited water supply—all play a part. This growth places a heavy burden on wildlife and their habitats.

The Kentucky Wild Program raises awareness, engages, and facilitates more interaction with individuals across the state who are conscious and committed to preserving Kentucky's natural heritage and wildlife. It provides experiences that educate and allow members and sponsors to take direct action to help Kentucky's diverse non-game wildlife grow and thrive.

Sponsors shall Provide:

KDFWR is therefore seeking financial and in-kind assistance for the Kentucky Wild Program.

The backing of this initiative through sponsorship will help ensure that future generations of Kentuckians can enjoy the diversity of wildlife and the habitats on which they depend.

As a Kentucky Wild Sponsor, you will significantly increase potential for delivering your brand and messages to wildlife conservationists throughout the entire state of Kentucky and to non-residents who participate in these activities in Kentucky.

Strong partnerships are essential to continue the conservation successes and the diverse wildlife natural heritage of Kentucky. By committing to this Program, sponsors help KDFWR achieve its mission as a steward of wildlife and natural resources in the Commonwealth of Kentucky.
