(all scores MUST be uploaded by 9pm ET on Saturday, Feb 19th to be considered)
- Follow the official 2022 NASP®/IBO 3D Challenge tournament rules posted at www.fw.ky.gov/nasp.
- Post your tournament with "**NASP®/IBO 3D Challenge**" as part of the tournament name.
- Open Flight Selection at least 3 weeks prior to the tournament. (to allow everyone an opportunity to see the listing & sign up)
- Have a minimum capacity for a minimum of 100 archers. Have safe entry and exit of audience while shooting is taking place.
- Allow a period of time (minimum of one day) for Kentucky schools to register before archers/teams from other states are allowed to register. A single host team may select flight positions for up to 24 of their archers prior to the opening of flight selection.
- Have a standard NASP®/IBO 3D range setup (**including the placement of arrow curtain in an angle formation behind animals**)
 - Lanes must be 5 feet wide with lanes and centers clearly marked on the shooting lines.
 - 2 quivers per target are required
 - Target line, shooting lines and waiting lines must be present and properly spaced. (a waiting area space must be present in front of audience seating)
- Have a minimum of one range official per 6 targets (6 targets makes a single 3D range)
 - Range officials must be adults and non-students. (Certified BAI range officials are preferred. You must have one BAI certified range official on the range at all times)
 - The Announcer can count as one of the officials if they are also working at the targets while students are scoring.
 - All range workers and announcers must be familiar with the NASP®/IBO 3D Challenge Rules and Regulations document.
- Make sure each target has 2 archers from different schools when possible.

 - Range officials should never be officiating a target where they are affiliated with the school of one or both archers.
 - All archers must shoot on the same range(s). Schools cannot offer flights at "different" times or locations and restrict those flights to certain groups. For example.... They cannot allow XYZ elementary school shoot in their own gym and use those scores. Or they cannot allow their own host school to shoot at a time not listed as a flight.
 - Range officials must listen and watch students scoring to verify they are scoring with the approved scoring protocol.
