

2024 KyNASP® Equipment Grant Information

National Archery in the Schools Program (NASP®) is an in-school program designed to introduce archery to as many 4th – 12th grade students as possible during the school day as part of the school's curriculum at some point in the school year. The grants are for in-school instruction taking place in the school's gym as part of physical education classes. These NASP® schools, teaching a minimum of 10 hours per year, are eligible to participate in local school hosted NASP® tournaments with an opportunity to participate in state and national events.

The following grants are available only to schools with a PE teacher certified as a Basic Archery Instructor teaching in-school introductory NASP® archery lessons as part of the school's PE curriculum. At least 10 hours of instruction must be implemented and include determining eye dominance, the use of a Stringbow® to teach the Eleven Steps to Archery Success®, Safety Orientation, and the shooting of bows and arrows on a NASP® range.

- **New School Recruitment Grant:** \$3,000 off the purchase of a full startup kit that values \$3500-\$3900. A startup kit includes 10-12 bows, 5 targets, 10 dozen arrows, a bow rack, arrow curtain, and repair kit. Quivers are also available. (Requests can be made by the school Principal through March 1, 2024) For new NASP schools that have never participated and never purchased equipment.
- **Reactivation Grant:** \$1500 off the purchase of \$2000+ in NASP® equipment for schools that had reported in-school instruction in the past but have not reported in-school instruction in many years including last year. Reactivated schools in need of a full startup kit would be eligible for the \$3000 off the purchase of a full startup kit. (Requests can be made by the school Principal through March 1, 2024) For NASP schools that have not reported in-school instruction for 2 or more years.
- **Retention Grant:** \$500 off the purchase of \$1000+ in NASP® equipment for current NASP® schools. (Requests can be made by the school Principal through December 1, 2023) For current NASP schools that reported in-school instruction during the 2022-2023 annual reporting.

Schools interested in one of these grants must have their Principal complete and submit the following Grant Application to Lisa Johnson, Ky NASP State Coordinator at lisa.johnson@ky.gov

PE teachers that need to be trained as a Basic Archery Instructor (BAI) go to <https://naspbai.org> and register online for a BAI class near them. Training fees may be waived for PE teachers if a letter is presented on the day of the training from the principal stating they are the school's PE teacher and will be implementing NASP® archery lessons as part of their PE curriculum.

2024 KyNASP® Equipment Grant Application

Grants are available only to schools with a PE teacher certified as a Basic Archery Instructor teaching in-school introductory NASP® archery lessons in their school gym as part of the school's PE curriculum. At least 10 hours of instruction must be implemented and include determining eye dominance, the use of a Stringbow® to teach the Eleven Steps to Archery Success®, Safety Orientation, and the shooting of bows and arrows on a NASP® range.

School Name: _____ County: _____

School Address: _____

City: _____ Zip Code: _____

Grades within the school: _____ School Enrollment: _____

Name of the school's trained BAI in-school Physical Education teacher: _____

Email address of BAI in-school Physical Education teacher: _____

Approx. how many students will be introduced to archery as part of your schools PE curriculum: _____
