 Mail order to: Home School

The WAVE Foundation, the Newport Aquarium and the Kentucky Department of Fish and Wildlife Resources (KDFWR) have teamed up to make learning about life in and around the water FUN! Each deck of cards contains 52 organisms and represents two ecosystems. In addition to the cards, we have developed the board game Alimento, as well as spin-offs of other well-known card games, such as War, Go Fish, Rummy and Uno. All games introduce students to topics such as biodiversity, food chains, energy flow, interdependence and classification. When purchasing the set, these specially designed decks of playing cards and accompanying game board come with a teacher's guide containing game instructions and activities aligned with state standards.

Kentucky Aquatic Wild Cards	Quantity	Price	Total
Deck A – Blue (Upland Reservoir & Big River Ecosystems)		\$5.00	
Deck B – Green (Wetland Slough & Stream Ecosystems)		\$5.00
