Fisheries Division Personnel

INSTRUCTIONS ON BACK

How to Apply For a Boat Dock Permit

The following information will assist you to properly permit your Boat Dock on a Department-owned property (regulation 301 KAR 1:016). All persons who currently have a Boat Dock or wish to construct or rebuild a dock on Beaver, Boltz, Bullock Pen, Carpenter, Corinth, Elmer Davis, Guist Creek, Kincaid, Kingfisher or Malone lakes must apply for a Boat Dock Permit. There is a \$100.00 fee for a 10-year permit period (1/1/18 – 12/31/27) which is pro-rated for every year remaining in the 10-year permit period.

For an Existing Non-permitted Boat Dock on Department Property

1. Submit to the department a completed Boat Dock Application and permit fee.
2. If your boat dock was constructed prior to July 1, 2009, it shall be grandfathered for the life of the boat dock. Unapproved boat docks constructed after July 1, 2009 will not be grandfathered and may result in legal action and removal of the structure.
3. After receiving your permit application and fee, Department personnel will conduct an on-site visit to determine if the existing boat dock complies with specifications set forth in 301 KAR 1:016.
4. If approved, you will then receive your Boat Dock Permit tag that must be placed on the front edge of the dock facing the lake.

If Constructing a New Boat Dock or Rebuilding an Existing Boat Dock on Department Property

1. Submit to the Department a completed Boat Dock Application, permit fee, and a detailed construction or rebuilding plan.
2. After receiving your permit application, fees, and proposed plan, Department personnel will conduct an on-site visit to determine if the proposed site is acceptable for construction of a new boat dock.
3. If approved, you will receive written notification that you may begin construction.
4. Construction must follow specifications listed in 301 KAR 1:016 and must be completed within one (1) year from the date of the construction approval letter.
5. After construction is completed, you must notify the Department.
6. Department personnel will then conduct a final on-site inspection of the newly constructed boat dock.
7. If approved, you will receive a Boat Dock Permit tag that must be placed on the front edge of the dock facing the lake.

To facilitate, please include your email address on the Boat Dock Application, and the Boat Dock Approval documents will be emailed to you. **Failure to complete this Boat Dock Permit process will result in a violation of regulation 301 KAR 1:016, which may result in legal action.**

NOTE: A new Shoreline Use Permit is now required for any structures or development activities on Department property. Please contact the Department for a Shoreline Use Permit application and the necessary instructions.
