The commission also heard new business and discussion items that will be considered further at its next quarterly meeting.

The meeting was livestreamed on the [Kentucky Department of Fish and Wildlife Resources' YouTube channel](#), where a [replay of the December 2025 meeting](#) is available on demand.

Business items on the commission's meeting agenda that include proposed changes to regulations typically follow a three-step process at successive quarterly meetings, with items introduced first as new business, then proceeding for further discussion, and finally appearing as action items (at the commission's discretion). This general stepwise process allows for adequate time for public awareness and comment on proposed regulatory changes. Agendas for [commission meetings](#) are posted at [fw.ky.gov](#) in advance of the meeting dates, and details about meeting logistics and submitting public comments are included therein.

Individuals or organizations may contact their district representative on the commission about any pertinent topic of concern. Contact information is available on Kentucky Fish and Wildlife's [district commission members webpage](#). Procedures for submitting public comments about current business items via email or in person are outlined in the agenda for each meeting, which is generally posted on the agency's website one to two weeks before the meeting date.

[The Kentucky Fish and Wildlife Commission](#), a nine-member board comprised of volunteers who serve four-year terms, recommends hunting, fishing and boating regulations on behalf of the anglers, hunters and other wildlife-related stakeholders in the commonwealth. Any recommendation by the commission to amend or create a state administrative regulation must receive legislative approval before becoming law. Both proposed and recently enacted amendments are posted on the department's [Administrative Regulations](#) webpage.

The next quarterly commission meeting date is scheduled for Friday, Feb. 27, 2026, in Frankfort, Ky. An agenda and meeting location will be posted on the [Commission Meeting Dates](#) webpage on the department's website at [fw.ky.gov](#) when available.
