Grouse Hunting Log Instructions:

Please keep an accurate record of all of your grouse hunting efforts for the season on the survey form provided. All information regarding hunters and locations are confidential. Your honesty and cooperation are greatly appreciated.

- 1. Only one hunter in a party should complete this form. A party is defined here as a group of hunters who hunt together and whose actions likely influence success of other hunters in the group. Two or more individuals who hunt in the same general area but do not influence each other's chance of seeing game should not consider themselves as a party, but should instead fill out separate forms.
- 2. Report each hunt on a separate line. Record <u>all</u> hunts, even those when few or no grouse are taken. **Every hunt is important.**
- 3. If you hunt in more than one county on the same day, list all counties and the corresponding information on different lines.
- 4. Record the number of hours hunted to the nearest 1/4 hour.
- 5. Please keep the survey in a convenient location (on your refrigerator, in your glove box, or with your hunting gear) to record results after each hunt.
- 6. Enter the number of original or new flushes in the "# Grouse Flushed" column. This is the number of different birds that you flushed. If you flush any of the original birds again, enter the total number of times you reflush grouse in the "# Grouse Reflushed" column.
- 7. Use the codes at the bottom of the form when recording Land Type and Quality of Hunt information.
- 8. At the end of the season, or when you are through hunting for the season, return the survey to:

Upland Game Program

Attn: Grouse Survey

#1 Sportsman's Lane

Frankfort, KY 40601-9986

* All hunting log cooperators will receive an annual report and FREE hunting cap.
