

Fall Squirrel Hunting Log Instructions:

Please keep an accurate record of each of your squirrel hunts for the season on the survey form provided. All information regarding hunters and locations are confidential. Your honesty and cooperation are greatly appreciated.

1. Record all hunts on a separate line, whether successful or not. **All hunts are important!**
2. Record the number of hours hunted to the nearest $\frac{1}{4}$ hour.
3. If you hunt in more than one county on the same day, list all counties and the corresponding information on different lines.
4. Please keep the survey in a convenient location (on the refrigerator, in your glove box, or with your hunting gear) to record results after each hunt.
5. Only one hunter in a party should complete this form. A party is defined here as a group of hunters who hunt together and whose actions likely influence success of other hunters in the group. Two or more individuals who hunt in the same general area but do not influence each other's chance of seeing game should not consider themselves as a party, but should instead fill out separate forms.
6. If you need more than the space provided you can use more than one survey form. Just be sure to send all of **your individual** forms in together.
7. At the end of the season, or when you are through hunting for the season, return the survey to:
